

# Medical Level Stabilization Oxygen Supplying

## Intelligent Alarm, Safe Usage

### Medical Level Oxygen Concentrator

#### KSOC Series

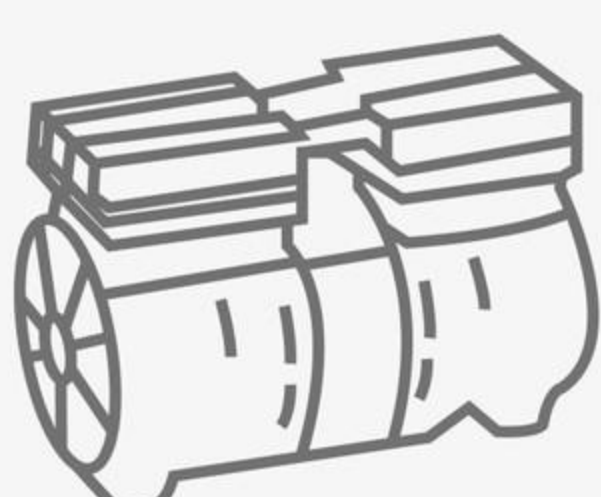

professional  
medical level  
stable oxygen  
supplying

$\geq 93\%$   
oxygen purity

imported spare  
parts high quality

six steps protection  
considerate design

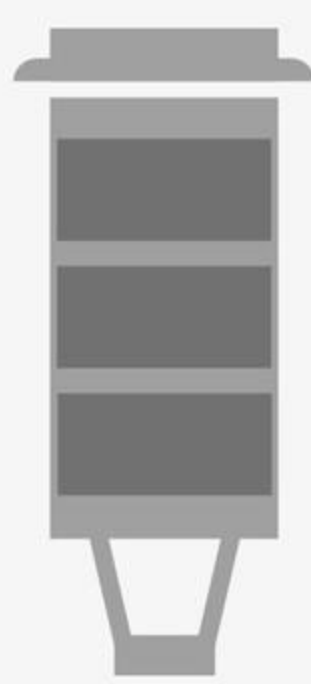

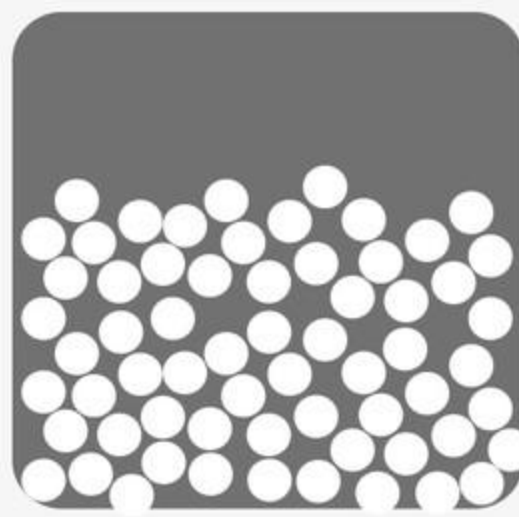

USA technology oil-free compressor  
free of maintenance

low noise, light weight  
slow temperature rising  
high efficiency

imported molecular sieve

special filling technology accompanied with  
reasonable absorption tower structure design  
strict producing management  
guaranteeing the medical level oxygen purity

integrated cleaning-free filter

with excellent oxygen filtrating function  
ensuring the exhaust of clean oxygen

clear high-definition  
LED screen

super clear reading

external humidifier  
bottle design

convenient to be cleaned

oxygen providing and atomization  
One machine two usages

distinctive heat radiation  
design of air duct

long service life

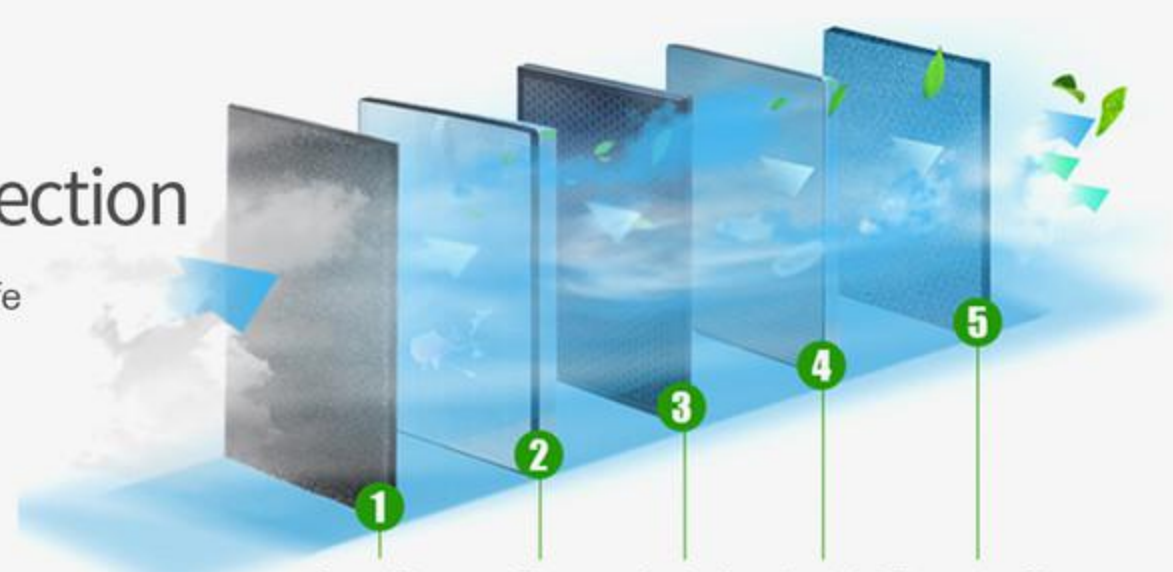

high performance spring to reduce shake

multiple noise reduction system design, super silence

multiple filter protection

clean oxygen absorption, super safe

multiple alarm  
structure design

used safely, super-assured
